Honorable Judge Thomas M. Horan,

Since 2016, I have been investing in Amyris. On August 10, 2023 I had 54,500 (now worthless) shares of common stock and now approximately \$156,000 of unrealized losses. My heart sank when I read that the company was filing for Chapter 11 bankruptcy and my heart sank again when I found out the common shares would be considered worthlessness. I am rooting for the restructured company to succeed, however I don't want to be excluded from the potential opportunity it has in the future. Many of us individual investor took a risk on Amyris with both time and money. For this opportunity to be striped from us is disappointing to say the least.

I continue to believe that this company can do great things and have a positive impact on the world. If there is anything that can be done for the little guy, please provide a ruling in our favor.

Thank you for your time and consideration.
